

## Araucária DX Group VHF Contest

### 1. Period:

**Autumn's Edition** (in Southern Hemisphere):

From: Saturday 00:00 UTC May 02; 2015.

To: Sunday 16:00 UTC May 03; 2015.

**2. Objective:** Make the major number of contacts and work different grids inside the period of the competition. Only point-to-point QSOs allowed (VoIP links, EME, satellites and repeaters are forbidden). For stations outside South and Central America the valid QSOs must have to be made with South and/or Central American stations.

**3. Bands:** 6 meters (50 MHz) and 2 meters (144 MHz) observing the respective band plan of each country where you are located.

**4. Modes:** FM, SSB, CW.

### 5. Categories:

5.1 Single Operator, All Bands;

5.2 Single operator, 50 MHz;

5.3 Single operator, 144 MHz;

5.4 Multi Operator.

**6. QSO:** The RS or RST exchange plus grid square (the first 4 digits of the WW Locator). Example: "59 FN32" for SSB and "599 EH33" for CW.

**7. Multipliers:** The number of different grid squares worked per band regardless the mode.

### 8. Points:

8.1. One (1) point for each station worked on 6m, regardless the mode;

8.2. Two (2) points for each station worked on 2m, regardless the mode;

8.3. The final score is the sum of different grid squares worked on each band multiplied by the sum of the points obtained per band;

### 9. Awards:

9.1. Awards for the best positions of each category in each DXCC country;

9.2. Trophy for the first place of each category in Brazil;

- 9.3. Trophy for the first place of South America-Central America (expect Brazil);  
9.4. Special Trophies: Brazilian expedition with highest score and Class C Brazilian Ham with major score.

**10. Logs:** CQWW VHF Contest model supported on several contest' s software (N1MM, DX4WIN, etc). It would not be accept paper logs. Send by e-mail the Cabrillo file until 10 days after the contest. Logs received after that period will be considered check logs. The email is: [log@avhfc.com](mailto:log@avhfc.com)
