### Submitting Your DXCC Application Online – Step by Step

1. Now that you have logged in, you may go to the [Enter QSLs](#) tab and begin entering information from your QSL cards. All your entries are saved and you may leave the [Enter QSLs](#) tab at any time while entering QSLs, and return to it later.
  - a. You must enter all of the required data for each card. If you want to submit more than one QSO from a single card, then enter the information about those QSOs together — one right after another — on the [Enter QSLs](#) tab.
  - b. If — once **both** the **Call Sign** and **QSO Date** are entered — the DXCC entity you want to select does not appear among the choices in the pulldown list, select the **Show All** choice from the pulldown list to select from the [complete DXCC List](#).
  - c. You may enter your QSL cards in any order; when you submit your cards for checking, they must be placed in the **same order** that you entered them. During the submission process Online DXCC will produce a *DXCC Record Sheet* for you that shows this order.
2. If you use a logging program, you will find it faster and more accurate to prepare an ADIF file containing the QSO information for the QSLs that you want to submit with your application rather than manually entering the information from each card. Use the [Import ADIF](#) tab to import your ADIF file.
3. When you have finished entering data for the QSLs you want to submit, you may begin the application process by clicking on the [Submit Application](#) tab and proceed sequentially through the **Application**, **Select QSLs**, **Payment**, **Preview Application** and **Preview QSL List** steps.
4. The **Preview QSL List** step of the [Submit Application](#) tab provides a **Submit Application** button. Clicking this

## Submit Application

- When using this system to submit a DXCC application —
  - **Do not** fill out a paper [DXCC Application Form and Record Sheet](#) by hand. Online DXCC will generate and allow you to print out a *DXCC Award Application Form* and *DXCC Record Sheet*.
  - You **must** print out and bring **both** the *DXCC Award Application* and all pages of the *DXCC Record Sheet* produced by this system when taking your cards to a [DXCC Card Checker](#).
  - You **must** print out and include the *DXCC Award Application* produced by this system if you are sending your cards to [ARRL HQ](#) for checking.
- QSL card information entered via this system **does not** automatically become part of your DXCC record. You will be awarded credit for the QSLs that you have entered after you complete and submit a *DXCC Award Application* and accompanying *DXCC Record Sheet* and then either:
  - a [DXCC Card Checker](#) verifies your cards, forwards your paperwork to [ARRL HQ](#) and HQ staff completes the processing of your application; or
  - the [ARRL HQ](#) staff receives and verifies your cards and then completes the processing of your application.
